Floyd County Land for Sale* Quarter Section Dryland* 2 Miles West of Floydada*

Legal Description: West/2, Block P, Survey 12, John Gravett, 160 acres, more or less, Floyd County Texas.

Location: 2 miles west and ½ mile south of Floydada Texas.

Description: This is a nice quarter section of dryland farmland just west of Floydada. Good access is provided by County Road 129 on the west and (County Road) West Crockett Street on the north. Soil types include 80.8% Pullman clay loam with 0-1% slopes. This is the most desirable and common soil type for raising crops in this area. The southwest corner of the property has a playa lake and some non-crop acres with approximately 41 acres that provides grazing. There is a fence on the south boundary and a partial fence on some of the east boundary. While there is not a well on this land, I think a Buyer could drill a domestic/stock well and have success. Electricity is available. There are no improvements. If the Buyer is an investor, there is a good farming tenant available that you could visit with about a future lease. The "hot fence" around the non-crop area will be excluded from the sale. There are no other reservations.
